CyberSecure Workforce

For organisations in Nigeria

Fewer incidents that start with a person

Fewer phishing and payment-fraud losses

Staff learn to stop and check fake invoices, urgent payment requests, changed bank details and look-alike login pages before money or data leaves the business.

Faster reporting of incidents

Every employee knows what to report, how and to whom, so suspicious activity reaches your IT team in minutes, not days.

Audit and data-protection readiness

Completion records and assessment results give you evidence of staff training for audits, the board and your obligations under the Nigeria Data Protection Act 2023 (NDPA).

WHO IT IS FOR

Every employee, from the front desk to the boardroom. Written for non-technical staff.

WHAT PARTICIPANTS LEARN

01 Cybersecurity Made Simple
02 Phishing & Social Engineering
03 Passwords & Account Security
04 Email & Communication Security
05 Device & Endpoint Security
06 Data Protection & Confidentiality

09 AI & Cybersecurity
10 Malware & Ransomware
11 Insider Threats
12 Incident Reporting & Response

Prices exclude VAT where applicable and are correct on 13 November 2026. Awareness training supports your compliance programme; it is not legal advice. Paleon Training Limited, Warri, Nigeria.

Two ways to buy

OPTION 1 · SELF-PACED ONLINE, FIXED PRICE

₦55,000 per learner. Each learner studies in the Paleon portal with 12 months' access, quizzes, a final assessment and completion records. Buy online and start today.

- 10–49 learners: 10% off, ₦49,500 per learner
- 50–199 learners: 20% off, ₦44,000 per learner
- 200+ learners: 30% off, ₦38,500 per learner

Worked example, 25 staff: 25 × ₦49,500 = ₦1,237,500 (10% volume discount).

OPTION 2 · LIVE, FACILITATOR-LED, BY QUOTE

Live online, in-house at your offices, or hybrid, anywhere in Nigeria. Department sessions, executive workshops or an organisation-wide rollout, with examples adapted to your sector and attendance records for your files. We quote after a 20-minute call about your teams, locations and dates.

Next live cohort: December 2026. 8 places left. Reserve by email or WhatsApp. Self-paced places start today.

START SMALL

Paid pilot: 10 learners self-paced for ₦495,000. Review the results with us, then decide on a wider rollout.

Free leadership taster: a short live online session for your leadership team, with no obligation.

REFUNDS, CANCELLATIONS AND UNUSED SEATS

- Self-paced places: Full refund within 14 days of purchase if no learner has started. Once learners have started there is no refund, but unused seats can be given to other staff at any time during the 12 months' access.
- Live, in-house or hybrid: Free rescheduling up to 10 working days before the first session. Cancelling later than that costs 50% of the fee.
- Pilot guarantee: If you order a wider rollout within 90 days, the full pilot fee is credited against it.

DATA PROTECTION

The programme builds awareness of handling personal data responsibly, in line with your obligations under the Nigeria Data Protection Act 2023 (NDPA).

ITF: Nigerian employers that pay the ITF training levy can use our attendance records and programme documentation to support a reimbursement claim; eligibility and the amount are decided by the ITF.
